Preface to Scanner

The Secretarial Audit, Compliance Management & Due Diligence (2017 Syllabus) paper is very relevant for every CS student. It contains within it, ambit topics that every CS gets to use somewhere or the other on becoming a professional.

The Scanner was, and remains, a valuable tool in the repertoire of every CS student, helping in gaining a better understanding of the subjects at hand. We are very happy to be given the opportunity of preparing a solved version of the Scanner for this subject. The book has been made for the purpose of supplying a basis for answering questions of the type normally asked in the question papers.
